# HARRISON CATTLE CO.

EIGHTH ANNUAL

## Production Sale

HARRISON CATTLE CO.

### 2025 Production Sale

We would like to thank every one of you for taking the time to view our offering of bulls and females. We know it's a busy time of year for everyone and it means the world to us. Drought continues to be a problem in this part of the western Oklahoma, The Hereford cattle have once again has showed us how strong and efficient they are. We are proud to be a part of such a great breed of cattle. As you all know there is no better calf in the commercial market than black baldie calf. As you all know we are at all-time highs in the cattle market, invest in these top genetics and they will be a great asset to your program.

A little background on us, we left the oilfields to pursue our dream of raising Hereford cattle on a full-time basis. Harrison Cattle Company consists of approximately 4500 Acres and 250 mature cows.

We have put together some of the very best genetics for your appraisal. HCC bulls have the structural integrity, sound disposition, muscle mass, pedigree and EPD with the commercial cattleman in mind. These bulls are sound at the ground, that make for a long-lasting product. Our bulls are backed with maternal and carcass traits to give our customers top quality genetics. The overall quality, efficiency and the ability to join your cowherd and program to enhance your options is what we strive to do.

This sale offering is equipped with a set of high-quality open heifers out of our leading donor 002X. The bred heifers are a true testament to our breeding program and the power of our herd sires. As you will see in the sale offering, we strive to produce females with high quality udders, fertility, backed by generations of high quality dams.

We would like to invite you to Arapaho, Oklahoma Tuesday, March 25, 2025, for our 8th Annual Production Sale. Visitors are always welcome any time before the sale. We would love for you to stop in and view the sale offering or talk Hereford cattle. We thank you for your interest in our program. Complimentary Lunch will be served starting at 11 am. The sale will start at approximately 12 Noon.

Looking forward to seeing everyone at the sale.

Leslie & Jan Harrison  
Harrison Cattle Company

Leslie & Jan Harrison

- Couldn't think of a better way to kick off the 8th Annual Bull Sale.
- This Relevant son is a standout in this group of 2-year-old bulls. Love the stoutness from end to end, foot size and foot quality 3157 possess.
- This low birth weight 2-year-old is what the progressive breeders strive for, short marked, long made with extra meat and muscle.
- 3157 stems back to generations of proven genetics.
- Ratio 96 BW.

## ADD VALUE

WITH FEEDER CATTLE & REPLACEMENT FEMALE PROGRAMS

### HEREFORD ADVANTAGE

An industry-changing feeder cattle marketing program through IMI Global to verify and add value to Hereford-influenced feeder cattle with superior genetics, health and management.

LEARN MORE ABOUT THESE PROGRAMS

### MATERNAL ADVANTAGE

A unique marketing program designed to add value to Hereford-sired commercial replacement females with added fertility, feed efficiency, profitability and docility.

### PREMIUM RED BALDY

Take advantage of hybrid vigor by maximizing the best traits of Hereford and Red Angus genetics that provide commercial producers with premium replacement females.

**Take advantage of hybrid vigor by capitalizing on Hereford genetics.**

The Maternal Advantage program generates females with added longevity, more docility, increased fertility and more profit per year.

Can be utilized by producers using Hereford bulls on British-based cows or Brahman-based cows in their breeding program.

Producers utilizing the program will have access to a sire EPD summary, added market exposure, replacement selection tools, genetic improvement tools and access to AHA resources, marketing and staff.

## Qualifications

- Producers must verify that eligible females are sired by registered Hereford bulls with transferred ownership.
- Participating bull batteries must rank in the top 50% of the breed for Baldy Maternal Index (BMI\$) if used on British-based cows or the top 50% of the breed for Brahman Influence Index (BII\$) if used on Brahman-based cows.

# HARRISON CATTLE CO.

EIGHTH ANNUAL

## *Production Sale*

Tuesday, March 25, 2025 - 12:00 Noon

at the Ranch in Arapaho, Oklahoma

Lot 1 — HCC HARRISON 3157 L
